

David K Brown Geriatrics Scholar Program

Sponsored By:

This project is supported by a grant from the Health Resources and Services Administration (HRSA), under grant number UB4HP19050 West Virginia Geriatric Education Center for \$2,000,000. The information and conclusions are those of the author and should not be construed as the official policy of, nor should be any endorsement inferred by the HRSA, DHHR, or U. S. government.

Background and Introduction

The WVGEC is funded by the U. S. Department of Health and Human Services, Health Resources and Services Administration (HRSA) to improve the health and health care of older adults in West Virginia by enhancing geriatrics training and competency of our state's health professionals that care for our older citizens.

Our mission includes creating a sustainable interprofessional program of geriatrics education. As part of this mission, we are pleased to announce:

The David K Brown Geriatrics Scholar Program

This program will advance competency in geriatrics by offering interprofessional learning experiences that are evidence based and designed to increase skills and expertise. The curriculum includes a variety of options for self-study, on-line training and in person learning events which will provide advanced skill in the diagnosis, treatment and prevention of disease, disability and other health related needs of older adults, including psychosocial aspects of aging. Trainees will be mentored by expert geriatrics faculty and network with other health professionals specializing in geriatrics who are located throughout West Virginia. The training will result in a Certificate of Excellence in Geriatrics at the completion of 40 hours of continuing education credits and/or study of approved curriculum.

About David K Brown:

David K Brown, PhD Professor and Associate Director for Education at the West Virginia University's Center on Aging, was a beloved professor specializing in public policy and aging, community based care, managed and long term care, and health care service delivery to the rural elderly and was highly respected as a scholar and advocate for the elderly. He wrote and obtained funding for the first Geriatric Education Center in West Virginia. Notable achievements included Director of the WV Office of Aging, Presidential appointee to the 1995 White House Conference on Aging/National Advisory Committee, Vice-President Al Gore's Committee to Reinvent Government, Distinguished West Virginian award and the prestigious Vernon Dalmer Award from the NAACP. He retired from the WV Center on Aging in August 2008, and passed away on October 28, 2009.

Target Audience:

People who are interested in the health and well-being of older adults in West Virginia are invited to become Brown Scholars. Those who have already participated in one or more WVGEC events are especially invited to take a next step by committing to further their own training and development in geriatrics and gerontology.

Advantages to Participation in the David K Brown Geriatrics Scholar Program Include:

- The opportunity to learn from various members of the community who are experienced in the field of aging.
- Enrollment in seminars and coursework that focus specifically on geriatrics education providing approximately 40 contact hours.
- Participation in inter-professional learning opportunities and projects, and mentoring by expert geriatrics faculty.
- The development of knowledge and leadership skills in the aging and healthcare field.
- State and national networking opportunities with other health professionals, faculty, practitioners and students.
- Recognition in all WVGEC publications, on the website and at the WV Geriatrics Society Annual Scientific Assembly.
- Certificate of Excellence/Letter of Recognition for professional portfolios.
- Up to \$1,000 in funds to support expenses (per diem, travel costs, registrations) to offset costs of the learning events and waiver of registration fees for WVGEC sponsored events.

Criteria for selection David K Brown Geriatrics Scholar:

- Letter of Application
 - Completed application form on pages 5-6
 - Resume or Curriculum Vitae
 - WVGEC Participant Profile Form (to be provided upon acceptance)

Application due by September 30, 2011
