

# Logon Procedures for the HSC Student Domain Server

The HSC Student Domain Server will be used to access server-based medical reference software and the student printers located within the Health Sciences Center. You must logon to the HSC Student Domain Server in order to print to the HSC student printers. For instructions on how to logon the HSC Domain Server, please reference this documentation.

## Accessing HSC Student Domain Server within the Health Sciences Center:

1. Connect your laptop to the **Student Network**. Reference the **Connectivity Within HSC** section of this manual for more instruction on how to connect within the Health Sciences Center. Power up your laptop.

2. The **Welcome to Windows** dialog box appears, Press **Ctrl+Alt+Delete** to begin.

3. In the **User name** text box, type your assigned User ID, if it does not appear in the box, and in the **Password** text box, enter your password.

4. Click **OK** to log on to Windows.

If you experience any problems connecting to the HSC Student Domain Server, please call or visit the Customer Service Center at 293-3631, Room 2264 HSC South or visit the Computer-Based Learning Center.
