

MDConsult

WVU Health Sciences Library
(304) 293-6810

MDConsult is an online clinical resource of over 50 major medical books, more than 50 full-text journals, drug information and many other resources that facilitate answering clinical questions and keeping current in medicine. Sections of this resource include:

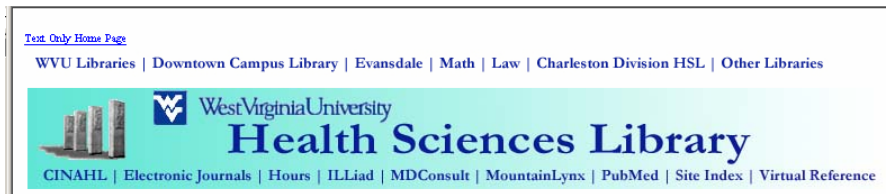

- **Renowned Medical Texts:** The complete text of over 50 leading medical reference books. Users can search the entire collection simultaneously to pinpoint the specific information needed. Also, search and compare over 50,000 high-quality images.
- **Clinics Series:** Retrieve the full-text of articles from over 30 *Clinics of North America* publications.
- **Full-Text Journals:** Full text articles are available through a powerful search engine that includes the complete contents of over 50 medical journals and The Clinics. PDFs are available for many of the journals and clinics articles.
- **Journal Databases:** Simultaneously search the full text of our online journals and millions of MEDLINE abstracts. Retrieve evidence-based abstracts from the Cochrane Database of Systematic Reviews.
- **Practice Guidelines:** Access our collection of peer reviewed practice guidelines, which are regularly updated and organized by topic and authoring organization for easy browsing.
- **Patient Education:** Nearly 10,000 printable, patient education handouts which you can customize, adding your own notes, patient instructions, and contact information.
- **CME:** Grand Rounds activities across 15 specialties. FREE CME credit for the first five conferences that you submit for credit. Plus Clinical Cornerstone and FREE CME, sponsored by Excerpta Medical.
- **Drug Information:** A comprehensive drug database that includes medication files representing generic and brand name drugs, investigational medications, neurtraceuticals and nutritional products.

Access via the Internet:

Any computer which has access to the World Wide Web can access MDConsult.

Membership

The West Virginia University Libraries associates may [Register for Access](#) to MD Consult.

- New users of MD Consult must first register for access from an on-campus computer.
- MD Consult always requires a log-on to the database.
- You will choose your own user name and password for this database. Please select something unique including both letters and numbers i.e. smith2001.
- If you are unable to access the program, try later because MDConsult has limited simultaneous users.

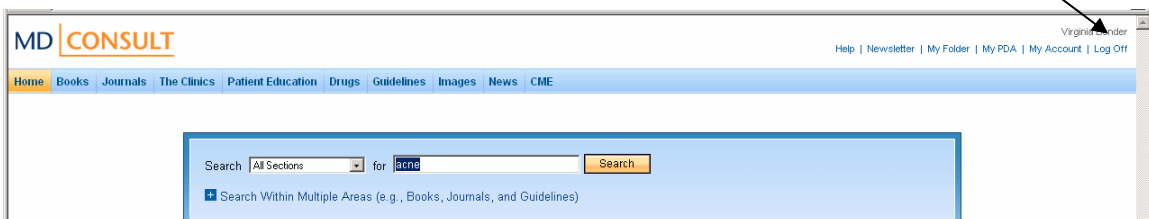

Printing

Not all areas of this resource allow printing. The Journal Search area is unique in that some articles are full-text. All the full-text journal articles are listed before the other article citations. MDConsult uses Adobe Acrobat 7.0 for its full-text journals.

Help

Help is available on every screen of the program.

Please remember to log off when finished, so others can use the database.
