

Uncovering Hidden Wealth in Your Hygiene Department

Patricia A. Worcester RDH, BS, is a talented and gifted innovator of hands-on clinical education for on-site training. She has the unique capability of enabling program participants to realize that they have both a patient's systemic and dental health in their hands. In her company, Mission Possible...Best Hygiene Team Training, Pat reaches the highest level of periodontal treatment and training.

As an international speaker and trainer of dental practices across the United States, Canada, and the UK, she has been practicing dental hygiene for over 35 years with her husband, Dr. Tom Worcester.

Come and experience her passion and enthusiasm for taking your hygiene department to the next level.

At the seminar Pat will be raffling off an iPad!
