Jim Cain, MD, MBA
Professor of Anesthesiology
West Virginia University

Pavithra Ranganathan, MD
Associate Professor of Anesthesiology
West Virginia University

Joshua Eaton, DO
Assistant Professor of Anesthesiology
West Virginia University

James Grant, MD, MBA
President-elect
American Society of Anesthesiologists

John F. Dombrowski, MD
Clinical Assistant Professor
Case Western Reserve University

Educational Objectives

Following this course, participants should be able to:

1. Decide whether to continue a patient's antihypertensive medications on the day of surgery
2. Discuss how best to anesthetize children for common surgeries
3. Recognize the advantages of organized anesthesiology
4. Discuss ways to prevent pain in children after surgery
5. Describe the perioperative surgical home
6. Identify successful techniques for treating opioid addiction

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the WVU School of Medicine and WVSSA. The WVU School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians

The WVU Office of CME designates this live activity for a maximum of 4.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity

Target Audience

The target audience includes West Virginia anesthesiologists.
