Clark K. Sleeth Department of Family Medicine Faculty Biography

Dr. Dorian Williams
Professor and Predoctoral Director

Dr. Williams is a 1992 graduate of our residency program and has remained on faculty since that time. He has a strong interest in women's health and all office procedures including Colposcopy, nasopharyngoscopy, sigmoidoscopy, and office gynecology. He is one of our faculty active in obstetrics and has established an annual ALSO (Advance Life Support in Obstetrics) course which is given statewide. Other responsibilities include director of the Predoctoral Program in our Department, and Co-Director of the MSII Physical Diagnosis course.
