	5 (Excellent)	4 (Very Good)	3 (Good)	2 (Fair)	1 (Poor)
Hypothesis/ Goals and Background	 Background information was relevant and summarized well. Connections to previous literature and broader issues were clear. 	 Background information was relevant, but connections were not clear. 	 Background information was relevant, but connections were not made. 	Little background information was included or connected.	 Background information was absent.
	 Project had a goal or a logical hypothesis that was stated clearly and concisely; showed clear relevance. 	 A project goal or a logical hypothesis was presented and was reasonably clear and concise. 	 Questionable project goal or hypothesis was presented. 	•Questionable hypothesis was presented and was not well supported or the goal of the project was unclear.	•Hypothesis or goal was inappropriate or not stated.
	 Broader impacts beyond project clearly stated. 	•Broader impacts beyond project were present.	 Broader impacts beyond project were unclear. 	•Broader impacts beyond project were absent.	•Broader impacts beyond project were absent.
Experimental Logic	•Excellent choice of experimental methods to address hypothesis or project goals.	 Very good choice of experimental methods to address hypothesis or project goals. 	 Good choice of experimental methods to address hypothesis or project goals. 	•Experimental methods not appropriate to address hypothesis or project goals.	•Experimental methods section missing.
	 Excellent original thinking or innovation of technique. 	•Very good original thinking.	 Good original thinking. 	•No original thinking.	•No original thinking.
	•Clear discussion of controls or comparative groups; all appropriate controls or comparative groups were included.	•Clear discussion of controls or comparative groups; most controls or comparative groups were included.	 Adequate discussion of controls or comparative groups; some significant controls or comparative groups were lacking. 	•Controls or comparative groups not adequately described; some controls or comparative groups missing.	•Serious lack of controls or discussion of controls.
Results	 Substantial amounts of high quality data were presented sufficient to address hypothesis or project goals. 	 Substantial amounts of good data were presented sufficient to address hypothesis or project goals. 	 Adequate amounts of reasonably good data were presented to address hypothesis or project goals. 	•Some data were lacking, or not fully sufficient to address hypothesis or project goals.	•Results are not yet available or reproducible.
	 Presentation of data was clear, thorough, and logical. 	 Presentation of data was clear and logical. 	 Presentation of data was not entirely clear. 	•Presentation of data was included, but unclear or difficult to comprehend.	 Presentation of data was missing.
Conclusions and Future Work	 Reasonable conclusions were given and were strongly supported with evidence. 	 Reasonable conclusions were given and were supported with evidence. 	•Reasonable conclusions were given.	•Conclusions were given.	•Conclusions were missing.
	 Conclusions were connected to project goals or hypothesis and their relevance in a wider context was discussed. 	 Conclusions were connected to project goals or hypothesis but their relevance was not discussed. 	 Conclusions were not compared to project goals or hypothesis and their relevance was not discussed. 	•Little connection of conclusions to project goals or hypothesis was apparent.	 Conclusions were not connected to the project goals or hypothesis.
Poster Board	•All expected components are present, clearly laid out, and easy to follow in absence of presenter.	•All components are present, but layout is crowded or confusing to follow in absence of presenter.	 Most expected components are present, but layout is confusing to follow in absence of presenter. 	•Some expected components are present, but layout is untidy and confusing to follow in absence of presenter.	 Some expected components are present, but poorly laid out and confusing to follow in absence of presenter.
	•Text is concise, free of spelling or typographical errors; background is unobtrusive.	 Text is relatively clear, mostly free of spelling and typographical errors; background is unobtrusive. 	 Text is relatively clear, but some spelling and typographical errors; background may be distracting. 	•Text is hard to read due to font size or color, some spelling and typographical errors; background may be distracting.	 Text is hard to read, messy and contains multiple spelling and typographical errors; very poor background.
	•Figures and tables are appropriate and labeled correctly.	 Most figures and tables are appropriate and labeled correctly. 	 Figures and tables not always related to text, or are not appropriate, and/or are poorly labeled. 	•Figures and tables not related to text, or are not appropriate, and/or are poorly labeled.	•Figures and tables are poorly done.
	 Photographs/tables/graphs improve understanding and enhance visual appeal. 	 Photographs/tables/graphs improve understanding. 	 Photographs/tables/graphs limited and do not improve understanding. 	 Photographs/tables/graphs limited and do not improve understanding. 	•Visual aids not used.
	• Presenter clearly states what is to be discussed.	• Presenter clearly states what is to be discussed.	 Overall goals are not clear to the listener. 	• Overall goals are not apparent to the listener.	• Overall goals are not apparent to the listener.
	•Entire talk is organized around defined goals and	•Entire talk is organized around defined goals and	•Some sections of the talk are not clearly related	• Presentation moves off topic in a way that is not	• Presentation moves off topic in a way that is not
	has smooth transition between sections.	has smooth transition between sections.	and/or somewhat choppy transitions.	relevant or valuable.	relevant or valuable.
Ability to Answer	Concluding portion of talk reemphasizes the goals		Concluding portion of talk reemphasizes the goals	• It was not possible to explain what was learned.	• It was not possible to explain what was learned.
Questions	and what was learned. • Presenter answers difficult questions clearly and succinctly.	and what was learned. •Presenter answers most questions.	and what was learned. • Presenter has some difficulty answering challenging questions	 Presenter has difficulty answering challenging questions 	• Presenter does not understand questions.
