## WVAP – 2021 ANNUAL MEETING AGENDA

Saturday, October 16, 2021

---

### Program Objectives:

Following this conference, participants should be able to:

- Describe specimen requirements and select ancillary studies appropriate for myeloid neoplasms as well as Hodgkin and non-Hodgkin lymphoma.
- Describe the utility of high-sensitivity troponin assay in early rule-out of myocardial infarction
- Apply a systematic approach to small biopsies of soft tissue tumors
- Utilize the Paris system for urinary tract cytopathology

### Target Audience:

This seminar features lectures and case presentations designed for practicing pathologists affiliated with the West Virginia Association of Pathologists.
