Lessons Learned by Implementing the RADx COVID 19 Project Across WV

Session Objectives

Following this knowledge-based program, participants should be able to:

- Understand the impact COVID-19 has had on healthcare in rural West Virginia.
- Discuss the processes used to respond to the needs of healthcare delivery and communities in COVID-19 testing access.
- Describe the learned feasibility and uptake of home COVID-19 test kits in medically underserved communities.

Stacey Whanger, MPH
Director, West Virginia RADx-UP Testing Project
Assistant Director, West Virginia Practice-Based Research Network
West Virginia University, Morgantown, WV

Tuesday, December 7, 2021
12:00 noon to 1:00 pm
Via the Zoom platform

Registration Information

ALL WVU FACULTY are invited to contact the Faculty Development office at HSCFacultyDevelopment@hsc.wvu.edu by noon on Monday, December 6, 2021. When registering for a HSC Faculty Development presentation please make sure the date and/or title is included in your e-mail. Registration is required to receive the Zoom access code. A reminder with Zoom access information will be sent the day before the session. Please do not share the Zoom code.

After you enter Zoom for a HSC Faculty Development presentation click on "Participant" on the bottom of the Zoom screen. Make sure your first and last name are correct and complete. If not, please click on "MORE" and "RENAME" with your full name.

Noon sessions will be recorded and once available the availability will be shared via WVU social media sites and will be available to those with SOLE access.

An evaluation link will be sent after the session. Please complete within 7 days. Your feedback is very important and much appreciated.
