

Ethics, Institutional Review Boards, and Scholarly Activities: Pitfalls and Parapets

SESSION OBJECTIVES

By the end of this presentation, participants should be able to:

- Understand the historical factors that led to the establishment of guiding ethical principles for research with human subjects and institutional review boards.
- List the three cardinal ethical principles underlying research with human subjects.
- Briefly discuss the role of the institutional review board.
- Identify when IRB review is needed for scholarly activities.
- Discuss specific ethical pitfalls in scholarly activities.
- List strategies for avoiding ethical pitfalls and building parapets that protect the research participants, investigators, and the institution.

Steve Davis, PhD

Associate Professor
