
LEARNINGSPLACE

What Is LearningSpace?

LearningSpace allows for video and data capture & storage of simulation activities at STEPS. It can be used to help learners get feedback and assessment from many different perspectives.

What Are Some Things Faculty Can Do With LearningSpace?

- Faculty Observation & Narrative
- Learner Self-Evaluations
- Peer Evaluations
- Video Review
- Pre- Tests
- Post- Tests
- Instructor/Course/Objective Evaluations
- Video Annotations
- Data Extraction
- Checklists

What Do I Need to Include When Sending A LearningSpace Activity to be Created?

- Course Name/Course Number/Event Name
- List of learners & email addresses
- List of faculty & email addresses
 - Would you like any of these faculty to be evaluated during/after the activity?
- Standardized Patient (SP) script (if applicable)
- Pre/Post test questions
- Checklist questions for Self-Evals, Peer Evals, SPs, and/or Faculty Narrative.
- Homework/announcements to be sent out before or after the activity (if applicable)
